OBJECTIVE

Motivated Computer Science student with strong fundamentals in programming, data structures, and software development. Seeking internship or entry-level software engineering roles to apply problem-solving skills and build scalable applications.

EDUCATION

Bachelor of Technology in Computer Science A.I. M.L 2024 - Pursuing
Sharda University, Greater Noida

Senior Secondary 2024
H.R. Public School, Laksar, Haridwar

Higher Secondary 2022
H.R. Public School, Laksar, Haridwar

TECHNICAL SKILLS

Programming Languages	C, C++, Python, Java
Data Structures & Algorithms	Arrays, Linked Lists, Trees, Graphs, Sorting, Dynamic Programming
AI/ML	NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow
Databases	MySQL, SQLite
Tools & Platforms	Leetcode, GitHub, VS Code, GeeksforGeeks, Linux

PROJECTS

Wearable AI driven Exoskeleton. Built an ESP32-based exoskeleton arm using IMU and EMG sensors for real-time motion tracking, with Python-based data processing and filtering for improved accuracy.

Exercise posture detection using computer vision. Developed a real-time computer vision system for exercise posture detection, providing instant feedback to improve form and reduce injury risk.

Student Transport Pass System. Built a dynamic Flutter-based application for managing transport passes. Integrated QR-based verification and user-friendly UI with real-time updates.

EXTRA-CURRICULAR ACTIVITIES

- Coordinated and managed multiple events, handling planning, logistics, and team collaboration to ensure successful execution
- Served as **Co-Lead of Environmental Club**, organizing sustainability initiatives and leading a team to promote environmental awareness across campus

LEADERSHIP SKILLS

- Mentored junior members, guiding them in project execution and improving overall team productivity.
- Led development of team-based projects, coordinating tasks, code integration, and version control using Git.
- Active member of online tech communities.
